Even though we did not know each other very long, the times we communicated, Mrs. Penny displayed a great love for Michael and was dedicated to his progress. She was a very well informed lady, quite supportive of our efforts at school and displayed a loving sense of pride in her family. Due to scheduling here at school, being able to attend the services would be difficult and cumbersome, therefore please understand that attending to show respect is quite difficult. I have had Michael and the family in my prayers for the past week and will continue to hold good thoughts of his grandmother in my heart. May God's Angels open their arms and spread their wings for Mrs. Penny.

Penny was the best. She got me through some very rough times. She used her adversities to help others. She loved Michael as her own, and I know...never wanted to leave him this soon. She was an amazing friend, mother, and grandmother. She fought tirelessly for Michael to get the right education and to get everything she could to help him in life. God bless y'all. We will all meet again one day.
