Denny was my first boyfriend and he was always the total gentleman. he was funny and managed to make all our dates different he even found a friend who wanted to be a magician to perform for me. I have to admit I wanted to snuggle with the bunny who in the hat more than watch the show. I have always loved animals my dad was a game warden and we both loved animals. I lost him when I was 6 because my mom's boyfriend put powdered arsenic in the sugar bowl. Daddy fixed a cup of coffee added what he thought was sugar and died that night. I kept the secret for 50+ years and I told a soul because I knew if I told I would be dead too. while seeing Denny I was able to feel free of the evil in my life. He had replaced the knob on his gearshift with the wooden top from English leather cologne. I thought that was so cool. I was sure disappointed finding this obituary I think I need to quit googling people I happen to think about. Last November 2022 I got worried about my oldest son googled him and found his obituary. It's beginning to appear that I am psychic. may God watch over you Deni and keep you in his arms God speed you sweet sweet man!!!!
