Just about everyone loved Mrs Polly. She was truly one of a kind; but if you were lucky enough to make a friend of her — she was there for you through all ups and downs — truly a friend you could count on. She was funny at times and always fun to be around. Praying for comfort and peace for all her family and friends I counted her as a good friend and will truly miss her and Mr Lat and her sister Katherine . The world was a better place because of them.

Polly was such a special person. I loved working with her . She always had a special way about her when you told her anything she would either laugh at you or offer words of wisdom but either way you knew she was your friend and cared about you. She was one of a kind and I know she will be missed by her loved ones and her friends.
