“ Dear Family, What a dear friend of mine. I enjoyed visiting her at Nellie Byers at the holiday parties and social gatherings for many years. The staff, students, board members respected her and she truly loved her job. I had so much fun with her during my visit as a board member and we would sit and laugh uncontrollably watching her with her new computer talking with the mouse and calling him / her some names that I cannot repeat, I was laughing so hard at times that my makeup was running down my face. Oh how much she loved her family. I will truly miss my friendship and our visits at the school. Sincerely, Marsha Ann Hunt. Love you all.

“ Me and Virgie go way back to the 1960's .We were like sisters and I loved her as family, we were young and had good times with our group of friends....most have passed..just a group of Richardson Town kids just hanging out together...no gangs or anything like today just boys and girls sharing life..I remember when her and Daniel first started dating and as I said that was many years ago..I think it was love from the first time they saw each other..Some thought Vergie was tough, but she had the heart of gold and would help anyone that needed her..I will always be thankful for the times we shared together in our teen years as life goes on and we all went our different ways, I regret we did not stay in touch more, except at sad times in our life..but my heart always had a special place for the sister of our teen years..May God bless her family and our prayers are with all of you, and I am sure she is looking down of each of you with that big smile of her's..sending my love to all of you, and thankful again for my sweet friend ..Carol Galloway

and took all us neighbor hood kids to Bro. Roco's Church in Frankilnton boy was we
loaded like sardines, No mater what you was going through she always had good
advice rocking on that front porch listening to all you had to say then given you her
honest opion I will always cherish those memories she helped me through some hard
times I always left felling better after i left talking with her and she never judged you

May the days ahead get easier knowing shes in no more pain and was welcomed
by Regina and Mr. Daneil and the other who was waiting for her arrival.

“ I have very fond memories of Virgie. She worked at Nellie Byers Training Center. She
was a good employee, dedicated to the clients there. I always admired her strong
work ethic.
I know her first love was her family. To the family, thank for sharing her life with us.

“ I'll never forget what she said at the zoo when my family and she went together. She said what she thought. She was just like my daddy. You'll have to ask me what she said. I loved her so much! One great lady, mother, grandmother, aunt, friend, and so much more. Rest In Peace, Aunt Virgie!
